OFFICIAL BULLETIN Number. 1

The Italian Water Ski & Wakeboard Federation is pleased to welcome all Nations entering the

2013 WORLD DISABLED WATERSKI CHAMPIONSHIPS – MILAN

Idroscalo, Milan 26th – 1st September 2013.

Idroscalo “yesterday”...

Idroscalo of Milan, originally conceived as a port for hydroplanes, was realized by the end of year 20's. Following the decline of seaplanes, however, it soon changed into a centre for recreational and sportive activities

Idroscalo “today”...

Idroscalo is now owned by the Province of Milan which has transformed it into a park characterized by many activities getting it to be known as the "Sea of Milan". The province manages the park and provides many services including surveillance and organization of social and sportive activities and recently has improved the amount of infrastructures available within the park. These include water-ski, wakeboard, free-climb, mountain-bike, and running facilities... This allows people to practice main sportive activities as waterskiing, wakeboard, canoeing (kayak, canoe, dragon boat, canoe-polo), rowing, sailing, and swimming.

Among activities of entertainment, Idroscalo is characterized by a number of bars and clubs particularly famous within Milan's nightlife. Also, the park has recently held many important concerts including the Italian metal festivals Gods of Metal and Evolution Festival.

Nearby is Europark Idroscalo Milano (founded in 1965 as Lunapark Milan), a popular, family-oriented amusement park.
